

LUCAS JAMES GREENWOOD

954-471-4918 | greenwood.lucas@outlook.com | lucasgreenwood.com

EDUCATION

University of Florida

Computer Engineering (BS) & Minor in Mathematics GPA: 3.94/4.00

Gainesville, FL

Aug. 2024 – May. 2028

Florida Atlantic University

Certificate in Financial Technology

Boca Raton, FL

Jan. 2023 – May. 2024

TECHNICAL SKILLS

Languages: VHDL, AVR, RISC-V, C, CPP, Bash, Python, Wolfram Language, HTML, CSS, TypeScript, JavaScript

Tools: Arch Linux, Quartus, Microchip Studio, React, TailwindCSS, Vite, GeoJSON, LeafletJS, Google Colab, GitHub

PROJECTS

Guru | SSH, Linux, Web Scraping

Sept 2025 - Present

- Flashed a Linux OS to a RaspberryPi and configured a network protocol to act as a remote SSH server.
- Built a script to scrape a website for guided meditation mp3s and fill a queue of next meditations.
- Drove a external speaker using GPIO pins to play the audio files on demand via a touch sensor.

MeshMatcher | CPP, Open3D, JupyterLab

Aug 2025 - Present

- Researched, constructed, and performed **Complexity Analysis** on an **Octree** Data Structure in **CPP**.
- Performed exploratory data analysis on ModelNet10 dataset with **Open3D** and **Jupyter Notebook**.
- Wrote **CPP scripts** to iterate over a filesystem and process **.OFF** files for use in the data structure.

Deducing Grid Styles Using Neural Networks | Wolfram Language (WL), Ubuntu

Jun 2024 – Jul 2024

- Built a Vision and Text **Transformer Model** and an **LSTM/CNN Model** from scratch in WL.
- Wrote scripts to generate **10,000+** data pairs and train network on server with validation error of **4.58%**.
- Developed vocabularies and utilized character-by-character and sub-word-token text generation methods.

EXPERIENCE

Bike Mechanic

Jun 2025 – Present

SG Bike Repair

Gainesville, FL

- Built skill in explaining knowledge to customers, elaborating and instructing when necessary on bike function.
- Familiarized with standardized bike mechanisms, dimensions, and fittings. Explored documentation to aid in repair.

Student Researcher

Jun 2024 – Jul 2024

Wolfram Summer School

Waltham, MA

- Articulated problem statement and explained technicalities of project design decisions in a community post.
- Animated demonstrative visuals in the **WL**, presented results orally, and discussed work in a poster session.

INVOLVEMENTS

Student

May 2025 – Present

Semiconductor Career Readiness Organization (SCRO)

Gainesville, FL

- Built strong foundational understanding of semiconductor fabrication and demonstrated competency in carrying out production processes such as **oxide growth** and **photolithography**.
- Applied principles in hands-on lab demos to create **MOSCAPs** and **MOSFETs** from a bare silicon wafer.

Software Engineer

Sep 2024 – Present

Dream Team Engineering

Gainesville, FL

- Proposed circuitry modifications, prepared CAD models in **SolidWorks**, and developed a dynamically-updated map website conditioned on **GeoJSON** API responses using **react-leaflet**.
- Prepared written proposals for modifications, sketch documentation for CAD parts, and code documentation to facilitate **DevOps**.

Professional Affairs Ambassador

Sep 2024 – May 2025

Freshman Leadership Engineering Group

Gainesville, FL

- Prepared application banks for an Apply-A-Thon with **35+** attendees.
- Researched effective cover letter properties applied findings to a writing workshop for **15+** attendees.
